Undiscovered Treasures:
Getting to Know UW Madison’s Learning Technology Toolbox
October 13, 2011
Theresa Pesavento (LSS) and John Thomson (AT)
Slides and notes: http://lss.wisc.edu

1. Introductions and short recap of “Building in the Basics” September seminar
2. Presentation, Publishing, and Content Delivery Tools
   Create real-world situations, provide interaction with course materials, and deliver course content in new ways
   a. CaseScenario Builder
   b. Learn@UW E-portfolio
   c. Other: Moodle, Learn@UW Course Builder, Library Course Pages, Lecture Capture
3. Collaboration and Communication Tools
   Creating a “virtual” learning space, foster online discussions, and integrate in-class and out-of-class learning spaces.
   a. Google Docs and Sites and Blogger
   b. WiscScholar/Collaborative Sites
   c. Other: WiscChat
4. Admin Tools
   Improve feedback and evaluation turn-around time, become more efficient, and share materials with colleagues
   a. Qualtrics
   b. Doodle
   c. Others: WiscCal, Classlists, Lesson Share
5. Multimedia Tools
   Encourage creativity, keep students engaged, and teach to/with current, everyday technologies
   a. iTunesU
   b. iMovie
   c. Audacity
   d. YouTube
6. Emerging Tools
   Be aware of upcoming technologies, consider new ideas for use in the classroom, and enhance your own professional development and teaching portfolio
   a. Syntax Untangler
   b. LSS Mobile
   c. Aris
7. Discussion/brainstorming
8. Questions and wrap-up

*Next seminar (“Fostering and Implementing Online Discussions”) will be held mid-afternoon on Thursday, November 17th. More information will be sent to the seminar series listserv and posted on the LSS website
